Hoststar – a brand of the Multimedia Networks AG – stands for innovation, expertise and dynamism, and was founded in 1996. The Multimedia Networks AG has developed positively every year since then and is today one of the ten largest Swiss hosting providers. The company operates 480 servers with ultra-modern technology in data-processing centres in Switzerland, Germany and Austria. The entire infrastructure is monitored in our NOC (Network Operating Center). Hoststar attaches great importance to training and constantly puts this into practice in its own Learning Center. SMEs, private individuals, associations and public authorities are now part of our customer base and greatly appreciate our reliable service. The company currently takes care of 70,000 domains at home and abroad.
